## DUCT FITTINGS INSULATED METAL

All three different fittings are used in domestic and commercial applications to attach flexible duct to allow the contractor to effectively deliver, supply and return air in a desired configuration plan.

Airfoil's metal Y Fittings, Branch Take Off (BTO) Fittings and Double Branch Takeoff (DBTO) are manufactured from 0.55 mm galvanised sheet metal to the highest standards and come insulated as standard.

### Duct Fittings Insulated Metal Options

> *Metal insulated or poly insulated*

> *Plain metal or poly*

> *Optional Volume Control Blade*

#### Product specification codes:

<b>YP</b>	Y Piece Fittings Insulated Metal
<b>BTO</b>	Branch Take Off Fittings Insulated Metal
<b>DBTO</b>	Double Branch Take Off Fittings Insulated Metal
