MOTORISED LINE DAMPER MOTLD

PRODUCT DESCRIPTION AND APPLICATION

Airfoil's Motorised Line Damper (MOTLD) range provides users with the convenience of remotely controlling air flows to specific areas.

Designed with a spiral casing, these dampers easily attach to standard flexible duct sizes, offering seamless integration. Each damper is equipped with ribbed rolled edges for added durability.

Available in both 240V and 24V options, Airfoil offers the complete range of Motorised Line Dampers, along with a comprehensive selection of electrical components including touch pads, transformers, and zone cables. Whether for commercial or domestic use, these dampers are ideal for various applications.

MOTORISED LINE DAMPER MOTLD
