## SQUARE TO ROUND REDUCER NECK WITH FIXING CLIPS FCRN – ZCRN

### PRODUCT DESCRIPTION AND APPLICATION

Airfoil's Australian Made **Square to Round Reducer Neck**, comes complete with fixing clips and is meticulously crafted from 0.55 galvanised steel to the highest standard. Finished with matte black paint, it offers a discreet presence once installed. Equipped with fitted root nuts, this reducer includes four metal clips for secure attachment to gyprock applications.

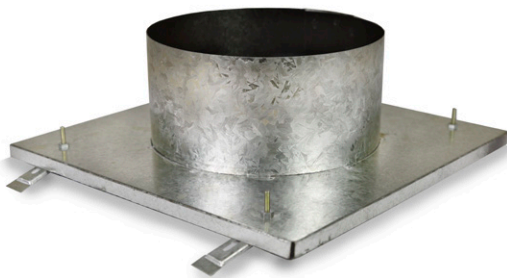

The standard **Square to Round Reducer Neck Fixing Clip (FCRN)** is specifically designed for single gyprock installations, providing reliable support. Meanwhile, the **Square to Round Reducer Neck Z Fixing Clip (ZCRN)** caters to double gyprock applications and is also compatible with Airfoil's flushed face diffusers.

Versatile in application, the Square to Round Reducer with fixing clips can be seamlessly fitted to most of Airfoil's supply and return air grilles. These Reducer Necks offer both costeffectiveness and ease of installation.
